

Village of Oakfield Municipal Code

Adopted: April 11, 2001

Updated: April 5, 2011

A codification of the ordinances of the
Village of Oakfield, Wisconsin 53065

Preface

The Village of Oakfield Municipal Code was published by Book Publishing Company in 1996. During the original codification, the ordinances were compiled, edited, and indexed by the editorial staff of Book Publishing Company under the direction of the Oakfield Village Board. The municipal code was recodified and adopted in its entirety.

The code is organized by subject matter under an expandable decimal numbering system which is designed to facilitate supplementation without disturbing the numbering of existing provisions. Each section number designates, in sequence, the numbers of the title, chapter, and section. Thus, Section 2.02.010 is Section .010, located in Chapter 2.02 of Title 2. In most instances, sections are numbered by tens (.010, .020, .030) leaving nine vacant positions between original sections to accommodate future provisions. Similarly, chapters and titles are numbered to provide for internal expansion. A legislative history, identifying the sources for the provisions of that section, is found in parentheses following each section.

Beginning in August, 2001, the Oakfield Village Board assumed the responsibility for updating the Village of Oakfield Municipal Code. The title page indicates the latest code update. When updated, new pages containing ordinance changes are distributed for insertion in each assigned code book and those kept at the Village office for reference.
