EXCHANGE
THE EXCHANGE CLUB SUGAR LAND, TX

President Elect Carlos Perez did a great job presiding over the breakfast meeting while **President Kevin Barker** attended the National Exchange Club Convention in Columbus Ohio. Carlos said he looked in the bylaws and couldn't find any stipulation that the meetings had to be conducted in English, so he proceeded to speak Spanish using **Jim Lockwood** as interpreter! He called on Rod Blanco to introduce his guests! Carlos' quick wit and great sense of humor made the meeting lots of FUN. Kevin will be back next week to report on the National Convention. Our district and our club have won many awards. His President's Message will be published in the August 15 newsletter.

Our guest speaker **Ramesh Anand** and his dog **Rocky** came to make Exchangites aware of the pet rescue operations in Fort Bend. He and his wife rescue one or two dogs at a time and find good homes for them. He is willing to help anyone find a good pet for their family from area shelters. He stated that we should all spay and neuter our pets because the population grows exponentially if we don't and causes many animals to be euthanized. He named his organization **Tyson's Pals Rescue** in honor of the first dog he rescued many years ago. You can find a pet on his Facebook page or on line at tysonspalsrecue.rescueme.org

Champions Kids Camp was founded by Kim and Bill Nash. It is dedicated to the nurturing of children who have survived a traumatic injury, illness, or personal loss. The main objective at camp is to help instill a sense of pride in every child and let them know that they're not victims, but survivors and Champions!

Exchangites helped with registration, crafts, and serving meals. Thanks to all of you who donated to provide a meal for the campers. It was delicious!

Cookie Joe brought her amazing dancers, and

tap danced for the first time since her hip replacements!

Skeeters came by to help the campers with their baseball skills. So many wonderful activities for the kids. It's a great camp.
