From The President

Hello fellow Exchangites:

First off, I want to personally thank the members of the Exchange Club of Sugar Land for coming out and supporting me on June 27th at the Installation Banquet. It was a wonderful event, and I hope that you will continue to support me throughout the upcoming year.

I want to extend special thanks to Nora Sim for the flowers and the beautiful table decorations. **Thank you, Nora!** I would also like to thank our President Elect, Paul Barnett, for all of his hard work coordinating the event. **Thank you, Paul! Pictures of the installation event are viewable at ;**

Things have started happening very rapidly within our club, and I am pleased to see that you are excited about the things that we will get accomplished this year.

We have had a good start to the year, but before we get too far, I want to extend an invitation to all club members to get involved. **I NEED YOUR HELP** to be successful as your president. It matters not to me that your name may not appear as a committee chair or otherwise, you will have talents and time that I would love to engage. Together we can get things done. So please, please let me know when or where you want to serve.

I look forward to our upcoming National Convention. I can only **"Imagine the Possibilities"** of what I will learn and be able to come back and share that knowledge with you.

See you on July 24, 2019!

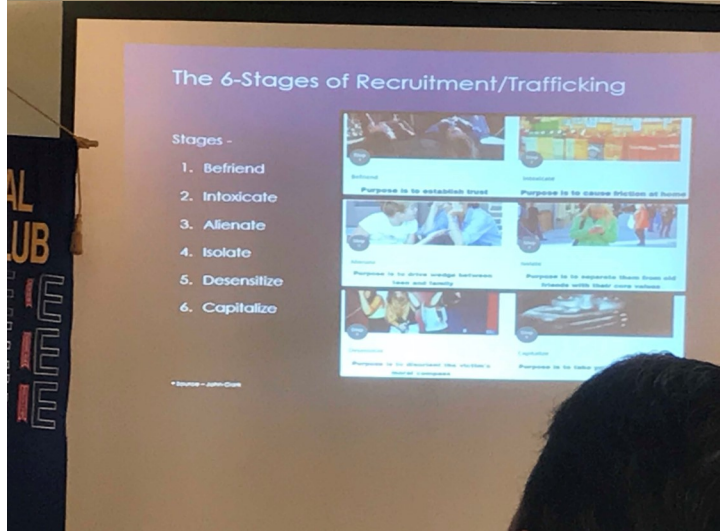

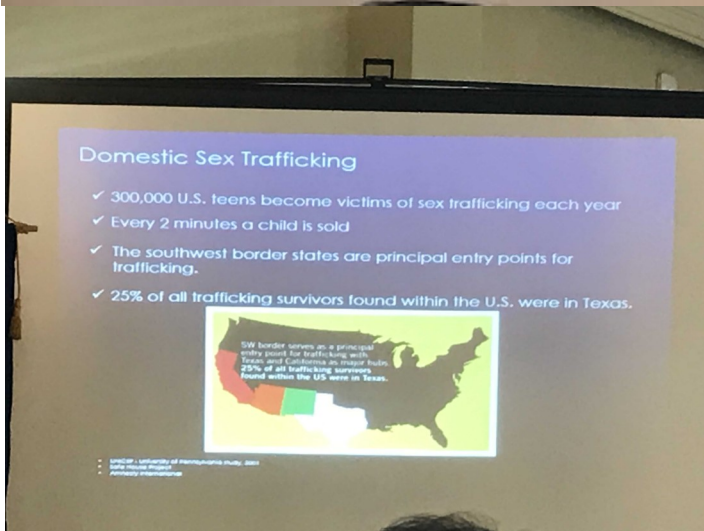

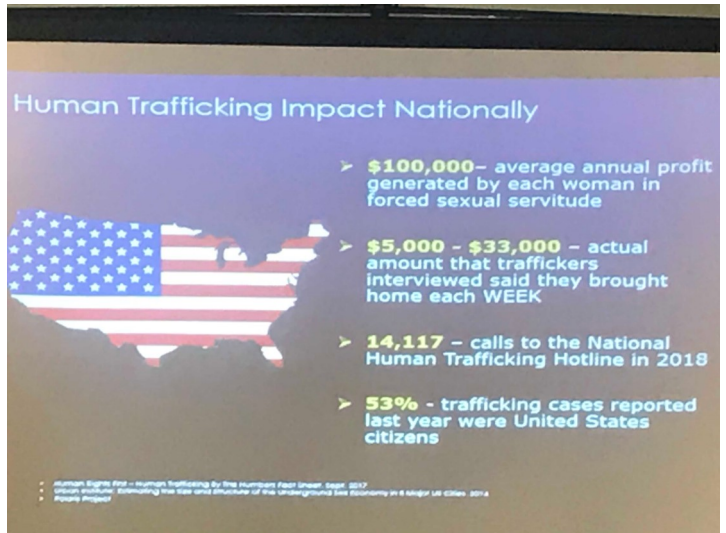

Speaker of the Week!

07/10/2019

Kelly Litvak, is no stranger to Exchange. She spoke to us last year on the possibility of Childproofing America. Childproof America was also one of our grant recipients last year. One of our most important programs of this service is The Prevention of Child Abuse, and Childproof America works within our communities to do just that. Founded in 2019...the goal is to make our communities safer places to live.

This first-in-nation program matches parents in crisis with a trained and vetted Family Guide who will serve as the point of contact when their child is missing and deemed a victim of trafficking. The Family Guide will help parents navigate the traumatic and fast paced process with law enforcement, social media, schools, local and statewide resources. The priority role of Childproof America is to provide immediate and accurate information that will enable parents to make educated decisions to significantly increase the probability of a successful outcome for the victim and family. **(Standing with President of Exchange Vernon Hunt!)**
