Special guest speaker, Fort Bend County District Attorney Brian Middleton, who discussed his commitment to fight human trafficking. Brian mentioned that it is in our own backyard in Fort Bend County. Children as young as 10 years old have succumbed to evil people. He indicated that you can not really recognize these type of people anymore. They blend-in and no fancy jewelry as well. Brian indicated we need to keep our eyes open and try to recognized these types of people in our community. The children have been brainwashed and they need to go through deprogramming after they are found and safe.

With the goal of expanding the agency's current building in Rosenberg from 18,000 to over 27,000 square feet and adding new staff to grow our program capacity, CAFB will ensure thousands more children will have access to life-changing services. Through this initiative, CAFB can double the number of children and families served within the next five years and position the agency for the next decade of growth.

Bubba knows "nose" what all underprivileged kids want for Christmas! Just ask Bubba!!

Mrs. Caroline Tarver started this event 31 years ago after she had lost her son Stan Tarver to a brain injury! She was devastated and for anyone that has lost a child Some will know the pain and how tough that is to accept. But, later she on her own wanted to do something for kids. And it turned out to be underprivileged kids, that she gave gifts her first year to do this small event and she had 12 children at the event. And it continued to grow bigger every year! And she named the event "Project Smile"! In 1992 Exchange Club of Sugar Land decided to make her event part of Exchange. And the Rotary club and Exchange Club of Fort Bend joined. In with us. Today we have over 5,000 kids that come to the event every year!
