Dear Exchange Members,

What does Memorial Day bring to mind?

For some the Indy 500, for others the start of Summer, for some misguided government officials a "long weekend". Memorial Day is a day for us to honor all Veterans who died in combat for our country. These are the men and women that have given their lives so we can live under freedom in the greatest country in history.

Memorial Day after the Civil War was originally known as "Decoration Day". Memorial Day as we know it today was established in 1971 when Congress declared it a national holiday and it was set to be observed on the last Monday in May. The Exchange Club of Sugar Land has been a part of our local observance, with the City of Sugar Land's Memorial Day Ceremony for many years, handing out American flags to everyone attending.

This year was no exception. With over 1,500 in attendance our club was joined by BSA Scout Troops 731 and 1731 to get a flag in every-one's hand. Including a 21 gun salute and Air Force fly over! W.O.H.

With that said, sadly we will now miss our good friend and fellow Exchange member **Ed Lee (RIP)**. Ed was a longtime member, first joining our club in 2002, and he was with us for many years until he took a break to spend more time as lead Pastor of his growing church congregation. He had recently rejoined and had already become very active in our club activities. There will be a Pastor Ed's Celebration to attend! (next page)

From L-R Son Matt, Ed, Wife Alice, Daughter Melissa.

Good father and husband and pastor, good citizen, friend to all, and part of our Exchange family.

Celebration of Life Service, Pastor Ed Lee.

9:30 am at Kingdom City Houston (2100 Eldridge Pkwy, Houston, TX 77077). This service will also be viewable via livestream (streaming details coming soon). *Please continue to share when, where, and how God used Dad to impact your life on our <u>online memorial Kudo board for Dad</u>.*

Burial & Committal Service

12:00 pm at <u>Forest Park Westheimer Funeral Home and Cemetery</u> (12800 Westheimer Road, Houston, TX 77077)

Luncheon Reception 1:00pm - Location TBC. Kindly <u>RSVP</u> so we can have an accurate head count.

* Check with Paul if you are not sure how to RSVP. Also, caringbridge.org has information.

A moment for Pastor Ed Lee,

A.C.E Award

Juli Fournier and Kempner Counselor Dwana Durgens were set to present the A.C.E Award to Aisosa Izevbigie this morning. A.C.E. stands for Accepting the Challenge of Excellence. This program recognizes high school students who have made a dramatic change in their attitude and performance during their high school years. These changes have enabled the students to overcome adversities and prepare for graduation. In the first grade, Aisosa developed a distinct staccato stutter in his speech. As he grew older he began to understand that his inability to communicate would keep him from reaching his goals so in his Sophomore year he enrolled in Debate. He was able to overcome this impediment and even won trophies in debate contests. He was our Youth of the Month this past March. Aisosa has three sisters and is a native Houstonian. He is a top student and is in the Spanish, Math, English, and Science Honor Societies as well as the National Honor Society. He is also a member of several school clubs including the French Club, Japanese Culture Club, Beta Club, Rho Kappa, and the Excel Club! Aiosa is also a musician playing the drums, piano, and saxophone. He also participates in soccer, basketball, and track and field. Due to the storm over night Aisosa was unable to make our morning meeting due to power outage at his home.

Juli Fournier presents the ACCEPTING THE CHALLENGE OF EXCELLENCE Award to Aisosa Izevbigie of Kempner High School! Because of the power outage he could not attend, but his check and plaque will be delivered to him.

ECSL Past President, Co-pilot for Blue Lacy pick-up runs, and COO of Fort Bend Regional Council on Substance Abuse **John Robson** was here to accept a check this morning for FBRC. FBRC's mission is to provide families and individuals with substance abuse prevention, education, and treatment services they need for positive change for themselves and the community. I hear that they may be planning to have the "**Helen Cordes Dinner**" soon. Make sure it is an "**In-Person**" event!

Texana was presented a check from Exchange Club of Sugar Land.

Our speaker **Lindamarie Olson** is currently a therapist at **Child Advocates of Fort Bend** and a Ph.D. candidate focusing on intervention research that will explore and examine the effects of traumainformed care and neuroscience on cognitive, mental health, and behavioral change within the justice-involved population. Lindamarie has presented research on child welfare, mental health, and juvenile justice at numerous national and international conferences. She has helped write several grants and received the Graduate Research Fellowship through the National Institute of Justice to fund her dissertation on the effectiveness of Neurofeedback in reducing trauma symptomatology and externalizing behaviors among justice-involved youth in intensive residential treatment. Future clinical and research objectives include building and expanding the state of knowledge in this field to address the interconnection of neuroscience, adolescent development, trauma, and juvenile offending, and to bridge the gap between research and practice to facilitate a more effective and responsive child welfare and justice system for youth.
