Thad Olive president elect of ECSL presented a \$1500 check to Jenny Fridge and Arielle Clancy from The Sanctuary Foster Care Services.

<u>The Youth of the Month Program</u> provides Exchange Clubs with the opportunity to honor outstanding students in the community who have exhibited excellence in academics, community service, and leadership.

We kicked off our year of Youth of the month with Amy Mitchell presenting the Youth of the Month Award to Clements High School student, <u>Angela Wang</u>! She was given a recognition plaque and a check.

Some of our students that we recognize, especially Angela, have such a strong background in areas of Academic Honors, Extracurricular Activities, Volun-

teer Services, and Summer/Work Experiences that it goes beyond the scope of this newsletter. Let's just say Angela is a bright and caring young adult and she will do well in her future endeavors! Her hobbies are playing music-piano, violin, reading, and hiking.

Speaker Series!

We always have good speakers, but every once in awhile we have a featured speaker that talks with <u>Intensity and passion</u>, where there was not a sound in the room as Exchange members carefully listened!

On August 31st, we had such a speaker, **Officer Ann Marie Carrizales** as she told her story! Where, as a Stafford Police officer a few years ago, she was shot in the face and chest in a routine traffic stop. It was three

men who were up to know good and shot her. (Ann's background is military and she was also a distinguished boxer where she excelled and won awards in that sport.)

With determination she got back in her patrol car and for at least 25 minutes she chased them down the highway, caught them and they are now in prison. Just and amazing story of true grit, and toughness that inspired us to listen with compassion. Ann is now with The Meadows Police Department in Stafford doing well for herself! It was one of those special presentations that you were fortunate to hear if you came to breakfast that day. (Standing with Lori Bisewski President of ECSL.)

On May 7th our featured speakers were **Seema Mir** and **Chavon Carr**, standing here with President Elect 2023-2024 **Thad Olive**! The ladies presented informative information concerning best practices for small business and estate planning.

Were you their?

I hope you didn't miss it again!

Social !

Here is what Colleen Migl our "Ms. Social" Chair had to say! "We had 37 excited Exchangites who attended the Movie Night "<u>Par-tay</u>" at Star Cinema Grill! Fun was had as Thor empowered children - for a limited time only - with his powers to defeat an evil cursed man who sought to murder all of the Gods in the multiverse." <u>Ok there you have it! Lol.</u>

Youth of the Month/Kempner High School!

Juli Fournier and Attorney and Exchange member presented our Kempner High School Youth of the Month to Jerson Benitez. An incredible young man with a huge future ahead.

As with our other student mentioned on and earlier page, Jerson is quite a remarkable young man! He plans to be and aspiring cardiovascular surgeon some day! He is currently caring a GPA of 3.42 at Kempner. His resume is quite broad with accolations covering his volunteer work, leadership skills, awards, internships and organizations he is involved with.

For outside curricular enjoyment Jerson likes baseball and is a Senior Leader working to improve younger ball players in the game! His Essay that he wrote about his mom and dad and growing up in turmoil in El Salvador was quite moving! Here is a snippet of that essay.

"As a child of immigrant parents, despite the hecticness of everyday life, the emphasis on education has always been constant in my life. Both of my parents, Central American immigrants, had instilled in me important values and have ingrained the vitality of getting an education. They always utter the same phrase to me daily "dale duro", which in Spanish means to give it your all. My parents have always instilled the virtue of hard work to my brother and I. Without regard to the consequences, my parents will do anything and everything for my education and my success.

My parents like many immigrants before them, came to the US in search of a better future, not only for themselves but for their families. My mother exemplifies courage. How may you ask? She came to this country alone, with no one to receive her, with no family, and without speaking the language, and with no money in her pockets. Her original plan was to save enough money to buy a house in Guatemala and go back; fortunately for me, she's been in America for 32 years. By staying in America, she was able to help her 7 siblings to pursue their education or come to America to pursue their dreams."

And there is more, a truly remarkable young man in our mist looking to some day be a surgeon!
