

EXCUSE ME.

DID YOU DROP SOMETHING?

Dog poop. It's a serious health problem. Why? Because it contains disease-carrying bacteria that can make people sick. And because there are over 100,000 dogs in Waukesha County. Do the math. Then do this. Pick up after your pooch. Remind your neighbors to pick up after theirs. Good manners, great health policy.

**Your dog can't help it.
But you can.**

Handy Dandy Pet Waste Calculator

Use the chart below to figure out how many pounds of pet waste and billions of bacteria are produced by your household in a day.

Number Of dogs	Pounds of waste Per day	Bacteria (in billions)
1	.75 lbs	7.825
2	1.5 lbs.	15.649
3	2.25 lbs	23.475
4	3 lbs	31.300

Use the chart below to figure out how many pounds of pet waste and trillions of bacteria are produced by your household in a year.

Number Of dogs	Pounds of waste	Bacteria (in trillions)
1	274 lbs	2.8
2	548 lbs.	5.7
3	822 lbs	8.6
4	1,096 lbs	11.4
