WGSA is a non-profit, volunteer based organization that offers fast pitch softball to girls of all ages and skill levels. We rely on parents who are willing to take an active role and become involved. Without the help of parents, we will not be able to continue to provide a recreational softball league for our girls. Many communities have lost their rec leagues. We need your help to continue making Waupun an area leader for girls softball. We currently have a very strong program and one of the finest softball complexes in the State. Please consider getting involved and helping to keep Waupun softball a strong program.
